

Enjoy lots of fun, rest, test your fitness and relax. Brush up your skis or snowboard and hurry up the hills! Well-groomed slopes, an excellent location and natural snow await you. Winter Park Martinky has everything you need for great skiing. Take your family or a bunch of friends with you and your perfectly spent time on twelve different slopes can begin.

### NATURAL SNOW

The best skiing is always connected with a proper dose of snow, and here, at our resort, also with artificial snowmaking infrastructure. Thanks to the mix of natural and technical snow, we provide a season that lasts up to 125 snowy days a year.

### PERFECT SKI SLOPES

Martinky has up to 12 ski slopes with a length of 8 km and various difficulty levels. The ski slopes are mostly of medium (red) and light (blue) difficulty. The resort has six different transport facilities, including one six-seater.

### SKI SERVICE AND RENTAL

We offer you the perfect service for your ski gear. Entrust your gear to the hands of professional service personnel - they will treat the edges and slide of your ski or snowboard equipment, install and adjust the binding correctly or make minor repairs. If you want to ride the slopes but do not have your own equipment, no problem. We will be happy to lend you skis, snowboards or high-quality equipment from renowned brands. Here you will find a selection of carving skis, short skis, cross-country skis, snowboards, snowshoes or children's sleds. You can rent skis, poles and ski boots in the categories V.I.P. or carving, big foot skis, children's ski equipment or various snowboard equipment.

### SKI SCHOOL FOR CHILDREN AND ADULTS

Thanks to professional instructors, you will learn everything right, without bad habits and injuries. Training will be provided by the FATRA SKI school, which is based on proven Austrian methodology. Special attention is paid to the youngest skiers. Instructors use a safe and well-groomed children's slope and various aids to not only simplify the teaching process, but also make it faster and more pleasant.

### SNOWSHOE TOURS

Experience the fascinating nature of Malá Fatra on snowshoes. Day or night hikes with guides and enthusiasts will take your breath away.

### SNOWBOARD ARENA

We have you covered for real adrenaline fun. If you are a passionate snowboarder or a freeski fan, you will welcome obstacles and jumps of different difficulty.

### SKIALPINISM

From the resort, you can set out to conquer the ridge of Lúčanská Malá Fatra, which offers breathtaking views of the surrounding winter landscape of Turčianska Záhradka.
